

Canopies

Keep external storage and outdoor activities protected

Cubic Designs' Canopies keep your external storage and outdoor activities permanently covered from the elements. They are professionally-engineered steel structures designed with high-quality materials to withstand snow and wind load and protect against the damaging effects of sun and rain.

FEATURES

- Heavy-duty square tubing
- Cold-formed c-channel components
- Powder coat or galvanized steel finish
- Custom galvanized and zinc rich powder primer finishes available for use in internal/external applications

BENEFITS

- PE-stamped design
- For all seismic zones
- Maximizes steel efficiency while supporting loads
- AISC and AWS certified

COVERING APPLICATIONS

- Employee shelters
- Material storage
- External stair cases
- Waste bin areas
- Sports dugouts
- Concession stands
- Seasonal items
- Vehicles/recreational equipment
