Designed to protect.

The Cubic Designs Safety Products Group helps protect your equipment and your employees from costly in-plant accidents caused by lift trucks and other vehicles.

Our products are professionally engineered to provide maximum protection for machinery, building walls, shelving, conveyors, racks, finished product, raw material supplies, loading docks and more. Every Cubic Designs safety product is manufactured with our durable powder coat paint finish.

Why choose the Cubic Designs Safety Products Group?

- Wide variety of stock and engineered safety products
- Trusted name
- Responsive service
- Quick delivery
- Competitive pricing
