ValleyCraft.com

Valley Craft Industries, Inc. designs, develops and manufactures Professional Grade material handling and storage solutions, including a broad array of proprietary and custom products.

Valley Craft was established in 1953 when Carl Weinmann introduced the first hand truck with a brake. Over the last six decades, Valley Craft has grown to become a world class manufacturer known for its expertise in producing rugged and versatile hand trucks, carts, trailers, portable lifts, hydraulic drum handling devices, and storage equipment.

At Valley Craft, we take pride in our heritage of building high quality American-Made products to handle and store materials more safely, more securely, and more efficiently.

On the shores of beautiful Lake Pepin, in Lake City, Minnesota, Valley Craft is staffed by a committed and loyal team of employees - fully a third of our associates have been with the company for more than 25 years. We think, feel, and act like a family and, like a family, we share core values:

- **Respect** - for our customers, our suppliers, our community, and each other.
- **Integrity** - personal and professional integrity in everything we do.
- **Openness** - bad news gets worse with age - we surface problems quickly and get help.
- **Enthusiasm** - we care about what we're doing - it's more fun and we do better work.
- **Commitment** - to continuous improvement in every single thing that we do.

A family company since its inception more than 60 years ago, Valley Craft is currently led by its third private owner - Minnesota businessman Dennis Campbell, who acquired substantially all of the assets of Valley Craft Inc. from Liberty Diversified International in 2012.

Heavy Duty Shelf Cabinets

Model F89783A4

All 48" Wide Models have channel reinforced doors.

Heavy Duty All-Welded Steel Cabinets

Valley Craft's line of Heavy Duty Cabinets provide superior strength and security for storing a variety of industrial parts and supplies. The all-welded, 16 gauge steel cabinets feature shelves that handle up to 1,000 pounds each and are adjustable on 7 ½" increments. Channel reinforced doors in 48" wide cabinets and box formed shelves add extra strength and durability. Double doors swing open 180° for full access on full-length piano hinges. Cast iron contoured 3-point locking handle with keys is zinc plated for long life. Cabinets come with four shelves in a variety of sizes and colors to meet all your storage needs.
